

Interventional Pain Techniques Review Course with Didactic Lectures and Cadaver Workshops April 23-24, 2010 | Cleveland, Ohio, USA

HOST

Cleveland Clinic
Over 75 Years of Excellence in
CONTINUING MEDICAL EDUCATION

The World Institute of Pain is pleased to announce its sponsorship of the annual spring **Interventional Pain Techniques Review Course with Didactic Lectures and Cadaver Workshops** and acknowledge this year's host, the Cleveland Clinic.

Cleveland Clinic, located in Cleveland, Ohio, USA, is a nonprofit multispecialty academic medical center that integrates clinical and hospital care with research and education. It was founded in 1921 by four renowned physicians with a vision of providing outstanding patient care based upon the principles of cooperation, compassion and innovation. The Cleveland Clinic serves the community by providing uncompensated health care to the poor, engaging in a broad range of medical, research, education and training programs, and supporting public health initiatives. *U.S. News & World Report* consistently names Cleveland Clinic as one of the nation's best hospitals in its annual "America's Best Hospitals" survey.

This Review Course offers academic and practical "hands-on" training under the expert guidance of renowned professionals and practitioners who will present evidence-based medical knowledge and clinical experience for pain medicine physicians who seek advanced training in interventional techniques.
